

Coconut soy wax

Information

Manufacturing Site:	Ekokoza s.r.o. Fryčovice 297, 73945, Fryčovice IČ: 07508247, eshop@ekokoza.cz	
Site Certification:	ISO 9001:2015	
Nominal Batch Size:	7200kg	
Minimum Batch Size:	1000kg	
Product form / Packaging:	Pastilles packed in 20kg boxes stacked on either Standard or Euro heat treated pallets at the request of the customer.	
Batch Identification:	Each sack marked with Product Name Unique batch number, 6 figure numeric. Nett Weight Each Pallet marked with Manufactures Name Manufacturing Site Product Name Unique batch number, 6 figure numeric. Pallet Nett Weight	
Storage Conditions:	Store in cool, dry conditions, protected from direct sunlight.	
Shelf Life:	When stored in the conditions above, 3 Years from date of manufacture.	
Source Materials:	Vegetable Based	
INCI Ranges:	Cocos Nucifera Oil	50 – 80%
	Hydrogenated Soybean Wax	5 – 25%
	Stearic Acid	5 – 25%
	Glyceryl Stearate	5 – 25%

Wax is a 100% vegetable sourced formulation which does not contain residual solvents as per guidelines ICH Q3C (R8) and is not listed within Regulation (EC) No 1223/2009 Annex II – List of Substances prohibited in Cosmetic Products. We further declare that our products are Dioxin, BPA, Melamine, pesticide and Phthalate Free.

Wax is formulated from materials whose manufacturing history is fully traceable. None of the constituent parts are classed as hazardous. No components present are known carcinogens. It does not contain or come into contact with Ethylene Oxide. None of the constituents are listed under the limitations of the State of California Proposition 65. Metal Catalysts are present during the Hydro finishing stage of the manufacturing process of certain materials present within the formulation. A mass balance performed at the end of the catalysts life cycle indicates that if there was any loss into the products being produced, the levels will be below detectable limits.

Wax is not formulated from or intentionally come into contact with the allergens listed Below.

- | | |
|---|-------------------------------------|
| - Cereals containing gluten and derivatives | - Nuts and derivatives |
| - Crustaceans and derivatives | - Sesame seed and derivatives |
| - Eggs and derivatives | - Sulphite at conc. at least 10 ppm |
| - Fish and derivatives | - Celery stalk and leaf |
| - Peanuts and derivatives | - Charlock and derivatives |
| - Latex | - Lupine and derivatives |
| - Milk and dairy products, incl. lactose | - Molluscs and derivatives |

None of the constituent parts have been tested on animals by ourselves or on our behalf.

Wax is manufactured from vegetable derived materials and as such do not contain any raw materials produced from, or substances derived from animal origin and as such may be considered to be suitable for the Vegan lifestyle. Moreover, these products are not derived from specific-risk materials as defined in European Commission Decision 97/534/EC.

The manufacturing process does not use any ingredient of animal origin nor does the product come in contact with animal products during storage and transportation.

Wax is therefore free from Transmissible Spongiform Encephalopathy (TSE) and Bovine Spongiform Encephalopathy (BSE)
